APPEAL OF PERMIT DECISION: AMERICAN OIL COMPANY  
EPA ID. No.: CAD 981 427 669

Dear Mr. Gomelsky,

Enclosed please find the order granting a petition for review of the permit decision issued by the Department of Toxic Substances Control (DTSC) on December 8, 2006, concerning the American Oil Company storage and treatment facility located at 13736-13740 Saticoy Street, Van Nuys, California.

DTSC will shortly be issuing a public notice announcing this decision and scheduling a briefing period during which interested parties may submit written arguments to DTSC on the issues raised in your appeal. After considering the arguments submitted during the briefing period, DTSC will issue a second order setting forth its final decision on your appeal. In accordance with the regulations, the enclosed order provides that the entire permit is stayed pending final DTSC action.

By copy of this letter and the enclosed Order, I am requesting DTSC's Hazardous Waste Management Program's Permitting and Corrective Action Division (PCAD) to respond to the issue raised in the petition for review, and to provide copies of all available documents pertaining to this issue, by the close of the briefing period for this permit appeal. In particular, PCAD is requested to address the issue identified in Section VI of the Order. I am also requesting DTSC's Statewide Compliance Division to respond to the issues pertaining to PCB testing on each truck-to-truck transfer of used oil. You will be provided with a copy of these responses when they are received.
